

Selected Readings on Transformational Theory

Filesize: 5.66 MB

Reviews

Complete information for book fanatics. It normally does not cost excessive. I am very easily can get a satisfaction of reading a created publication.

(Mrs. Winifred Fritsch)

SELECTED READINGS ON TRANSFORMATIONAL THEORY

Dover Publications Inc., United States, 2009. Paperback. Book Condition: New. 211 x 135 mm. Language: English . Brand New Book. These cogent essays on linguistic theory explore Noam Chomsky s influential concept of generative grammar. The readings form a coherent outline of transformational theory, the distinguished author and educator s controversial challenge to structural linguistics. They rely chiefly on Chomsky s own words, but their arrangement is such that nonspecialists will have no difficulty in following the text. Topics include syntactic structure, features, and categories; phonology, syntax, and semantics; language acquisition; and the implications of transformational theory for language teaching. The father of modern linguistics, Noam Chomsky is Professor Emeritus of Linguistics at the Massachusetts Institute of Technology and a world-renowned philosopher, political activist, author, and lecturer. The least expensive edition of his selected readings, this volume is an ideal choice for students and teachers.
