Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Railroad Accidents: Their Causes and the Means of Preventing Them Some months since, the work of which the present volume is a translation having fallen into my hands, and appearing to me to contain much that would be useful and entertaining to those connected with railroads in this country, and fitted to supply a public want, I have undertaken to translate it for publication. When a great evil exists in society, the first step towards its removal, is a careful study of its phenomena and causes. It must be mapped out for the public eye. Those of its causes which are under human control must be shown forth, and the public conscience awakened in regard to them; and when this is once done, an evil that may have been deplored and submitted to, for a long period, as necessary and inevitable, is at last diminished, if not destroyed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
