

Religion of China (Traditional Chinese Edition)

By Chengqiu Zhang

Ehbooks, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: Chinese . Brand New Book ***** Print on Demand *****.Religion in China has been characterized by pluralism since the beginning of Chinese history. Chinese religions are family-oriented and do not demand exclusive adherence, allowing the practice or belief of several at the same time. Some scholars prefer not to use the term religion in reference to belief systems in China, and suggest cultural practices, thought systems or philosophies as more appropriate terms. There is a stimulating debate over what to call religion and who should be called religious in China. Since 1949, China has been governed by the Communist Party of China, which is an atheist organisation. It presently formally permits five religions in China: Buddhism, Taoism, Islam, Protestantism, and Catholicism (though despite historic links, for political reasons, the Chinese Catholic Church has been separated from the Roman Catholic Church). This book is author's research regarding the above-said religions in China.
