Excerpt: . . . 2 Hazardous materials are critical to the operation of many industries, for example, the fertilizer used by our farmer contains ammonia, and the plastic in your childrens toys have been made from liquid plastic resins. These commodities are both shipped by rail. Many water treatment plants use chlorine to purify drinking water or decontaminate sewage. Again, chlorine moves almost exclusively by railroad tank car. While we must remember that the shipment and use of hazardous materials is not without risk, in the past several years we have had a number of tragic accidents where railroad employees and local residents were injured or killed in hazmat incidents. While I favor taking all reasonable steps to reduce the risk to the public, I want to make it clear that I do not think that allowing municipalities to reroute trains is a good idea. The rail system is not as extensive as a highway system, and diverting a train from one urban area would just..
