GRIN Verlag Jul 2010, 2010. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2005 in the subject American Studies - Culture and Applied Geography, grade: 1,0, Duke University, language: English, abstract: Just a little over ten years ago, the first website became accessible to the public and even though the World Wide Web of today is still in its teens, it has become a phenomenon of virtually global impact. By the mid 1990s, people started to discover the joys of online communication via so-called weblogs or blogs, but blogs really evolved at the turn of the millennium, when the international blogosphere virtually exploded. Anyone could create one, anyone could participate in one, and everyone had at least heard of one. Blogs revolutionized online communication by creating worldwide communities of technology nerds, ambitious writers, and simply those who found an outlet for their exhibitionist tendencies. Decades earlier, in 1981, renowned German philosopher and sociological theorist Jürgen Habermas published his seminal work Theory of Communicative Action, in which he formulates a theoretical framework for societal progress achieved through communication. In the United States of today, progress and...
