# ARITHMETIC ON MODULAR CURVES

 Springer

Book Condition: New. Publisher/Verlag: Springer, Basel | One of the most intriguing problems of modern number theory is to relate the arithmetic of abelian varieties to the special values of associated L-functions. A very precise conjecture has been formulated for elliptic curves by Birch and Swinnerton-Dyer and generalized to abelian varieties by Tate. The numerical evidence is quite encouraging. A weakened form of the conjectures has been verified for CM elliptic curves by Coates and Wiles, and recently strengthened by...

## Reviews

*A high quality publication and also the font applied was interesting to see. I could possibly comprehend everything using this composed e book. Its been written in an remarkably easy way in fact it is just following i finished reading through this pdf in which really altered me, change the way i think.*

-- **Avis Lubowitz**

*It is really an amazing publication i actually have at any time read. It is really simplistic but unexpected situations inside the 50 percent of your pdf. Its been written in an exceptionally simple way in fact it is just right after i finished reading this ebook where actually transformed me, alter the way i really believe.*

-- **Dr. Celestino Spinka III**

*A top quality publication along with the font utilized was exciting to learn. It can be full of wisdom and knowledge Your way of life span will be transform when you comprehensive reading this book.*
