LUNCH WITH GURU G: A SOUL BYTE

Syntropy Press, United States, 2007. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.Can the religious instinct be satisfied by reality? Or must we who yearn for greater meaning forever make-believe? This is the story of eight messages, composed on scraps of office trash by a quirky character named G. Why are you here? G asks. His chosen victim is an unsuspecting young engineer on his first day at work. Why am I here? Not to find a spiritual guru that s for sure! But despite his reservations, the young man finds himself drawn to the hyperactive Guru G, whose every thought revolves around just two words: realigion. Over a summer of lunchtime conversations, they become good friends, musing over what it means when those two words run together. You may see them symbolically entwined on the cover: a questioning disciple and his guru, G, peering at the same thing from different angles. Each message delves deeper into the relationship of information concepts (language, genetics, entropy, evolution) and religious concepts (soul, ethics, death and beyond). No space is wasted on pseudoscientific BS, futile proofs or disproofs of God, and sales pitches designed to create followers for the Guru. This book is about challenging the foundations of our belief, not to become an unbeliever in the unknowable but to become a better believer in the knowable and then, rather than wishing life were otherwise, to make the most of our best guess at the possible.
