Books focus the spirit of exploration, experimentation and innovation in the 20th century. has been widespread in the world art (especially after 1960). through the publication of works on the reviews. biography. Interview. respectively. show the fine arts. literature. film. theater . music. architecture. photography. experimental results. and present social thought and cultural background to produce this result. The books that were published since 1992. aims to provide text reference and theoretical studies of Chinese contemporary art work opportunities. SYNOPSIS: Since the 1980s. under the influence of a large background of contemporary Western academic disciplines of Western art history there have been some new changes. This is mainly in three aspects: the study of art history is no longer limited to the high art. and extended to the vulgar art; scope of the study of the history of art is no longer limited to the Western art. but

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
