

City Roads and Pavements: Suited to Cities of Moderate Size (Classic Reprint)

By William Pierson Judson

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from City Roads and Pavements: Suited to Cities of Moderate Size The local features of the first edition, having served their purpose, have been omitted, and modifications have been made to show the present applications of general methods, some of which have changed since 1894. The most marked change during the past eight years has been in the increased use of crushed stone for roadways of macadam and of telford construction, on the improved streets of villages and cities. A notable instance is that of the city of Greater New York, which contains outside its parks eight hundred miles of crushed stone roads built since 1894. This general increase has resulted in part from the work begun in 1893 by the State of New Jersey, followed in 1894 by Massachusetts, in 1895 by Connecticut and in 1898 by New York. The examples given by the governments of these States in building highways by State aid and outside corporate limits, have led to the building by the municipalities of similar roads within many cities and villages, which...
